

J&N STONE

Since 1973

*Handcrafted Stone Veneer.
Unmatched Quality.
Made For Any Climate.*

2026 Edition
www.jnstone.com

Since 1973, J&N Stone has been helping homeowners, builders, and designers add timeless beauty to their projects. Founded by Jack and Nadine Lengacher as a family business, J&N was built on a simple belief: create exceptional stone products with quality craftsmanship and treat customers right.

Today, that legacy continues. We manufacture handcrafted stone veneer, thin brick, and masonry products that combine authentic textures, natural color, and lasting durability for any climate. Every product is designed to capture the beauty of natural materials while providing dependable performance backed by a 50-year limited warranty.

From a single fireplace to large commercial developments, we're committed to helping customers find the right solution for their project. With decades of experience and a passion for craftsmanship, J&N Stone continues to provide products that bring lasting character and value to the places people live, work, and gather.

Ashlar

Finely dressed lines and natural color palettes give Ashlar a warm and traditional appearance. Each tightly stacked stone was precisely hand-chiseled to create this rectangular style. Ashlar is a timeless style that will add elegance to any application.

Rocca

Refton

Brick-Ease

Brick-Ease is a 1" brick veneer that installs over virtually any surface. With two distinctive styles, Brick-Ease provides a charming appearance. Our thin brick thrives as a standalone product or acts as a great accent to any of our stone colors making Brick-Ease resoundingly versatile.

Onyx

Whiteland

Rustic

Used Red

Cliftrack

Designed to stand out all on its own, Cliftrack is a beautiful new blend of our Laytite and smaller Ledge pieces. While it still has the smaller linear look from Laytite, it brings in more texture and depth from the Ledge to create an appealing design all around. Cliftrack will leave an impression on any type of project you may have.

Dakota

Graphite

Cut Cobblestone

Mirroring the ageless appearance of hand carved stone, Cut Cobblestone has a beautiful profile. It combines rectangular shapes and irregular sizes with rough cut edges for an old world look and feel. Cut Cobblestone is a style that will bring beauty and class to any home or project.

Fieldstone

As the name describes, Fieldstone was created using natural stones collected from the fields of Indiana. Fieldstone has rounded edges, smooth surfaces and a random pattern. Its natural look and character make an impression wherever it is applied.

Handsplit

Mimicking a natural stone that has been split to show the inner beauty and color, Handsplit has an incomparable look all its own. Large round stones with a split face texture make up this stunning free-form pattern. Handsplit would be an excellent choice for a lake cottage or log cabin home.

Laytite

Laytite continues to be one of the most popular styles throughout the world. It offers a layered linear look which overall creates depth and dimension. With grout lines being less apparent, Laytite gives the impression of a clean balanced design. This stone pattern is a beautiful choice for any contemporary, craftsman, or modern style project.

Rocca

Bucks Creek

White Birch

Ledge

Offering a more rustic silhouette, Ledge is a distinct style that has been in place for generations. This irregular shaped stone has a crisp angular face that produces depth and ruggedness. These defined features provide any application with the rustic charm of the countryside.

Monarch

Boldly unique, Monarch is a mosaic of sharp cuts, irregular shapes and rough textures. The informality of these pieces blend together to create a distinct look and unique design. Monarch's versatile style fits in any traditional or contemporary setting.

Plankwood

Designed to replicate old natural wood planks, our Plankwood is a manufactured stone product that will add beauty anywhere in your home. From fireplaces, to accent walls, to backsplashes, it is a versatile product that is perfect for DIY's. By offering two different Plankwood sizes, this product gives you many options to fit the look you want for your home. Save time and money by using Plankwood for your next project.

Natural

Weathered

Quartz

Quartz is a combination of Cut Cobblestone and Ledge. By blending Cut Cobblestone's hand carved edges with Ledge's rough irregular pieces, this style becomes the ideal mix for any application. Quartz creates a natural look with its varied shapes and sizes adding beauty and exquisiteness all its own.

Ridgestone

Ridgestone is a versatile mixture of rectangular and linear stones. Ridgestone includes Laytite's tailored straight lines with the added richness of Cut Cobblestone's roughly chiseled edges. This visually balanced combination is one of our most popular and striking blended styles.

Stack-Ease

Designed to be installed without any exposed mortar joints, Stack-Ease has a clean and defined design. Its molded 3" panels provide you with the look of stacked stone, but with the advantage of easy installation. It is a perfect choice for DIY'ers. Stack-Ease has become one of our best sellers because its beauty and versatility compliments any style from classic to contemporary.

COLOR VARIATION DISCLAIMER

Because J&N Stone, Inc. replicates natural stone, variations should, and can be expected. Colors are shown as accurately as possible; however, due to photographic and printing techniques – and actual viewing conditions – the perception of color can alter. We recommend making your final color selection from actual samples.
